

School District of River Ridge  
Superintendent Search Public Forum  
April 15, 2015

The public is invited to participate in the process to select a new superintendent for the River Ridge School District. Citizens interested in meeting the candidates will have the opportunity to question the finalists in a public forum held in the Multi-Purpose Room at the Elementary / High School in Patch Grove on Wednesday, April 15 beginning at 6:00 p.m. Each candidate will meet individually with those in attendance to present their background and take questions for approximately 45 minutes. Citizens will be given the opportunity to complete a feedback form that will be presented to the school board for use in the final selection process.

The board of education encourages participation in this important meeting that will allow citizens the opportunity to meet the candidates prior to the board's final selection.
