Dear Parents/Guardians and Students,

Please review the new school bus safety guidelines with your children for this school year. Warco has always been committed to the health and safety of our valued employees and passengers...now more than ever. Warco has implemented the following recommended best practices to help protect our passengers and professional drivers.

For the Safety of Our Valued Employees and Passengers, Warco Recommends the Following:

- Assigned seating—Driver will assign seats
- Siblings or same household will sit together
- Limit, to the extent possible, close contact with others by maintaining a distance from other passengers while entering and exiting the vehicle
- Implement socially—distanced seating when possible and wear face masks whenever in close proximity to others. **It is mandatory for students to wear a mask throughout the duration of the trip.**
- Avoid touching your eyes, nose, and mouth
- Monitor your temperature and stay home if you are sick
- NO eating, NO drinks, and NO chewing gum on the bus to and from school
- **No bus passes this year.** This means you must have your daycare scheduled for the year. Shared custody schedules will be accommodated; although we highly encourage condensing/limiting locations this school year.

If you have any questions, please contact **Warco** at **(608) 994-2701**.

Sincerely,

Tom Hoffman
President
