

## **Student Technology Responsible Use Guideline**

### **Purpose**

The River Ridge School District recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st-century technology and communication skills. To that end, we provide the privilege of access to technologies for student and staff use. Access to technology is a privilege, not a right, and as such, students must seriously consider the responsibilities associated with signing this user agreement.

A technology protection measure is in place that blocks or filters Internet access. This filter protects against access by adults and minors to visual depictions that are obscene, child pornography, or — with respect to use of computers with Internet access by minors — harmful to minors. The content filter does monitor the online activities of minors and may be reviewed when deemed necessary.

The Responsible Use Policy (RUP) applies to:

- School-owned technology on the RRSD Internet/network, on non-school networks and offline
- Privately owned technology that is connected to the RRSD internet/network and on privately owned networks while on school property
