Injury on School Grounds and Property

Any student injured on school grounds or property must notify a school district employee as soon as possible. In the event of an injury on school grounds or property, the teacher/supervisor/employee is to notify the principal of the nature and extent of the injury. The principal will then decide what course of action to pursue. Should the injury be minor in nature, treatment will be made by school personnel. A more serious injury will require immediate notification of the parent/guardian for instructions unless the situation calls for immediate assistance of the West Grant Rescue Squad.

Students Under Medical Care/Treatment

In order to enable the staff to effectively react to any seizure or allergy attack (including food allergies), parents/guardians are responsible to notify Administration of any medical condition that may occur because of an existing illness or condition.

Medication Forms

All students need to have a medication form filled out if any over the counter or prescription medication is to be taken at school. All medications need to be in their original container. Forms are available from the district office or on the district website.

Please take the time to update your Emergency contact information in the jmc Family portal. Please list someone willing to pickup our child if you cannot be reached.

Divorced or Separated Parents

Help us honor with your parental rights. Contact the River Ridge School District office for a form which outlines your custody, parental rights and contact information.

Locker Search

School lockers are the property of the River Ridge School District. At no time does the River Ridge School District relinquish its exclusive control of lockers provided for the convenience of students. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time, without notice, without student consent and without a search warrant as stated in section 118.325 of the state statutes.

Notice of Rights: Family Education Rights & Privacy Act

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18. Students to whom the rights have been transferred are “eligible students.” These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to Mr. Clay Koenig a written request that identifies the record(s) they wish to inspect. Mr. Clay Koenig will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education record that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the River Ridge School District to amend a record that they believe is inaccurate or misleading. They should write Mr. Clay Koenig, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or

eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records to the following parties or under the following conditions:

- School officials with a legitimate educational interest
- Other schools to which a student is transferring, upon request by the other school
- Specified officials for audit or evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to Wisconsin law

School officials with legitimate educational interests are persons employed by the District as an administrator, supervisor,

instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); a parent or student serving on an official committee such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington, DC 20202-4605

Directory Data

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that River Ridge School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, River Ridge School District may disclose appropriately designated "directory information" without written consent, unless you have advised the River Ridge School District to the contrary in accordance with River Ridge School District procedures. The primary purpose of directory information is to allow the River Ridge School District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information: names, addresses, emails, and telephone listings unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want River Ridge School District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the River Ridge School District in writing within 14 days of the start of the school (or within two weeks of receipt of this notice if enrolling after the school year has begun). Forms are available in each district office.

- Student's name
- Address
- Telephone listing
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Dates of graduations
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received

Members are encouraged to report suspected violation of policy. A complaint shall be filed to the District Administrator, Clay Koenig, 608-994-2715 ext. 103, 11165 County Highway P, Patch Grove, WI 53817, koenigcl@rrsd.k12.wi.us

Program and Curriculum Modifications

Wisconsin Statute Section 118.15 requires that all students under the age of 18 attend school regularly. Wisconsin Statute Section 118.15(1)(d) also permits any student's parent or guardian, or a student if the parent or guardian is notified, to request, in writing, that the School Board provide the student with program or curricular modifications, including but not limited to:

1. Modifications within the student's current academic program.
2. A school work training or work-study program.
3. Enrollment in an alternative public school or program located within the student's school district of residency.
4. Enrollment in a nonsectarian private school located within the student's school district of residency which meets certain federal law requirements. Any such enrollment must be by contractual agreement which provides for tuition payment by the student's school district of residency.
5. Homebound study, including nonsectarian correspondence courses or other courses of study approved by the School Board or nonsectarian tutoring provided by the school in which the student is enrolled.
6. Enrollment in any public educational program located outside the student's school district of residency. Enrollment under this subsection may be pursuant to a contractual agreement between the school districts.

When a written request for a program or curriculum modification is made, the School Board will consider the request and render a written decision on the request within 90 days of the request except that if the request relates to a student who has been evaluated by an IEP team and has not been recommended for special education, the School Board will consider the request and render a written decision on the request within 30 days of the request. If the request is denied, the Board will give the reason or reasons for denial.

The student's parent or guardian may request the School Board to review or reconsider the decision it makes in response to a request for a program or curricular modification. The School Board will render its determination upon review in writing, if the student's parent or guardian so requests.

Use of Video Cameras on School Buses

The River Ridge School District approves the use of video cameras on school buses for the primary purpose of reducing disciplinary problems and vandalism on the bus, thereby allowing the driver to focus on the driving of the bus and providing for safer transportation of students.

Parents/legal guardians shall be notified once a year that video surveillance are being used on the buses, and a sign shall be placed at the front of each bus indicating that surveillance is present.

Only the bus company manager, bus drivers, administrators of the district and school board members shall be authorized to view the recording for the purpose of documenting a problem and determining which students may be involved. Disciplinary action may be taken with students based on a video documentation. The isolated segment of the recording that documents the incident may be viewed by the identified student and his/her parent/guardian. The bus company designee or school administrators shall view the video with the student and parent/guardian and document the date and names of all individuals viewing the recording.

The recording shall not be available for viewing by the public in general, the media or other individuals. The school administration may authorize other individuals such as a guidance counselor, school psychologist or social worker to view segments of a specific recording if such individuals are working with the student on the recording because of a behavioral, emotional or learning problem and viewing the recording is beneficial to their role in assisting the student. A log shall be kept of the date and names of the individuals viewing the recording.

If there are no reported bus problems pertaining to the date of the recording, the recording will last 30 days. If there was a bus problem reported the recording for the date of the incident will be kept by River Ridge Administration.

Homeless Children and Youth

The McKinney-Vento Act defines homeless children and youth as:

Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are:

- sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason
- living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations
- living in emergency or transitional shelters
- abandoned in hospitals
- living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- migratory children who qualify as homeless because the children are living in circumstances described above

If you are personally aware of or are acquainted with any children or youth who may qualify according to the above criteria, the River Ridge School District provides the following assurances to parents and guardians of homeless children and youth and unaccompanied homeless youth:

- The child or youth shall be immediately enrolled and allowed to fully participate in school, even if unable to produce records normally required for enrollment (e.g., academic records, immunization and other required health records, proof of residency, or other documentation) or has missed application or enrollment deadlines during any period of homelessness.
- Homeless children and youths are not stigmatized or segregated on the basis of their status as homeless and have full and equal educational and related opportunities.
- Meaningful opportunities to participate in the education of their children including special notices of events, parent-teacher conferences, newsletters, and access to student records.
- Immediate enrollment and transportation to the school of origin. “School of origin” means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.
- Written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal and receive prompt resolution of such decisions.

Please contact Heidi Serres, homeless liaison for the River Ridge School District, at (608) 994-2715 or serreshe@rrsd.k12.wi.us for additional information about the rights and services described above.

Mandatory Reporting

For certain persons who see children whom they suspect have been abused, neglected, or assaulted, Wisconsin law requires that they must report their suspicions or face a penalty themselves. Persons who are required to report include: school social workers, speech therapists, nurses, psychologists, guidance counselors, teachers and administrators. It is not the duty of the River Ridge staff to investigate such incidences or make a determination as to whether the abuse, neglect or assault actually occurred. A reasonable cause to suspect is all that is required.

Asbestos Management Plan Notification

In compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the River Ridge School District has an Asbestos Management Plan at the school district office. The plan is available for inspection by the public, parents, and district employees. The district performs six month periodic surveillance of asbestos and re-inspections every three years. For more information please contact the district office.

Indoor Environmental Quality Management Plan

The River Ridge School District would like to inform staff, students, parents, and the public of the district’s indoor environmental quality (IEQ) management plan. The plan was initially developed in 2013 and is reviewed as necessary. The plan was developed as deemed appropriated for the district. Questions and concerns should be directed to the IEQ Coordinator. Copies of the plan are available at the district office for a fee. The district office is located at 11165 Country Highway P, Patch Grove, WI 53817
